4. **Leveraging Power Ethically:** Diamond doesn't recommend manipulative tactics. Instead, he focuses on using your resources ethically and cleverly to achieve a favorable effect. This might involve identifying your strongest options to a negotiated

contract (BATNA), developing coalitions, or competently communicating your desires.

Implementing the Diamond Method:

Implementing these tenets requires practice and self-analysis. Start by thoroughly organizing for each negotiation, identifying your goals, your BATNA, and the potential needs of the counter side.
