Understanding the Scope of Honors Spanish 3 in MCPS

MCPS's Honors Spanish 3 typically builds upon the grammatical foundations established in previous levels, introducing more complex grammatical structures and vocabulary. Expect to deepen your understanding of verb tenses (including the perfect tenses, subjunctive mood nuances, and conditional perfect), as well as more advanced sentence structures involving subordinate clauses and participial phrases. The course emphasizes fluency

in both written and spoken Spanish, often incorporating genuine materials like literature excerpts, news articles, and films. Cultural understanding is also a major component, often exploring diverse aspects of Hispanic culture and history.

Key Grammatical Concepts Typically Covered:

- **Perfect Tenses:** This includes the present perfect, past perfect, and future perfect, each requiring a knowledge of the auxiliary verb "haber" and the past participle. Practice forming sentences using these tenses to describe completed actions in relation to a specific point in time. Use examples from your textbook or create your own scenarios.
